# Notification of Tree Removal

---

## Van Asselt Community Center Expansion Project

---

*Van Asselt Community Center is expanding.*

To accommodate the expansion, nine trees will be removed in November, 2005.

Two of these trees are considered hazardous, and should be removed immediately. Per the Mayor's Executive Order, two replacement trees must be planted for each tree removed. Current plans call for 21 trees to be planted in 2006, as part of the facility's expansion project, to replace the nine trees scheduled being removed.

To view a diagram with details on the tree removal, you can visit our project webpage at [www.seattle.gov/parks/Centers/current/Van\\_Asselt\\_Community\\_Center.htm](http://www.seattle.gov/parks/Centers/current/Van_Asselt_Community_Center.htm). The webpage also includes a diagram with new landscaping information, as well as the community center's expansion plan.

*This project will help build strong families and healthy communities,  
one of Mayor Greg Nickels' priorities for a better Seattle.*
